### Notice of Department Meeting

A Department meeting is being called by me to address my grievance on the Department Head's handling of my job application in 1990. The agenda of the meeting will consist of a discussion and votes on the following three issues:

- a) Was there any violation of code of conduct by the Department Head in her handling of my application?
- b) Was the Department Head's decision of not further processing my application, if there was such a decision, a correct one?
- c) Should I be invited by the University to re-apply for a tenure-track position?

The resolution of this Department meeting will be forwarded to the Office of the President for the information of Dr. Strangway in making the final decision by the University on my grievance.

If no explicit instruction of banning the meeting is received from the Department Head, which I shall myself consider an approval, the meeting will take place 2-3 pm, Friday, May 1, in CSCI 301.

Subject: Feng Gao's announcement of department meeting

Feng Gao has placed an announcement of a department meeting in your mailboxes. I wish to make it clear that contrary to his announcement there will NOT be a department meeting on Friday May 1 at 2 p.m. in Rm. 301. Of course individuals are free to meet with Feng at any time in any room that happens to be available, but such meetings are not department meetings in any sense.
